

# ArmourFlex®

## Wood Floor Cleaner

### Ready to use

#### **Instructions for use**

*Simply spray and wipe!*

If loose dirt or grit is present, sweep or vacuum the floor before using Armourflex Wood Floor Cleaner.

#### **Regular cleaning**

Spray a fine mist of cleaner onto the floor from a distance of approximately 1 metre, then wipe using a microfibre mop or cloth.

Do not saturate the floor or mop as this can damage the floor and encourages streaking. Allow floor to dry before use.

#### **Heavy grime**

Grime should be removed as soon as possible. Wipe away the bulk of any large spills with an absorbent cloth. Spray Armourflex Wood Floor

Cleaner onto the area then wipe with a microfibre cloth. For heavy, dried-on stains, leave spray for 2 minutes before wiping to allow the cleaner to penetrate the stain.

#### **Health, Safety and Environmental Information**

Contains perfume, <5% Nonionic and anionic surfactants.

Keep out of reach of children. Read label before use.

**750ml e**
