

ArmourFlex®

Wood Floor Cleaner Concentrate

Instructions for use

Dilute 1:30 with warm water (approximately 1 capful per litre). Stronger solutions can be used for heavier stains but must be wiped with water afterwards to avoid streaking. If loose dirt or grit is present, sweep or vacuum the floor before using Armourflex Wood Floor Cleaner.

Regular cleaning

Wipe using a lightly dampened microfibre mop or cloth. Do not saturate the floor or mop as this can cause damage and encourages streaking. Allow floor to dry before use.

Heavy grime

Grime should be removed as soon as possible. Wipe away the bulk of any large spills with an absorbent cloth. Apply diluted Armourflex Wood Floor Cleaner onto the area with a lightly dampened microfibre cloth. For heavy, dried-on stains, leave the area damp for 2 minutes before wiping to allow the cleaner to penetrate the stain.

Tip: When the mop pad or cloth becomes soiled, launder with washing detergent but not fabric conditioner, as this will reduce the fibres' ability to absorb moisture.

Warning

Health, Safety and Environmental Information

<5% Nonionic and anionic surfactants.

Contains perfume (eucalyptus extract, linalool, eucalyptol, lavender), may produce an allergic reaction.

Causes serious eye irritation. If medical advice is needed, have product container or label at hand.

Keep out of reach of children. Wash hands thoroughly after handling. Wear protective gloves/eye protection.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation.
