SHAKE WELL

Instructions for use: Test for compatibility in an inconspicuous area first. Finish may vary depending on wood type and condition. Ensure all surfaces are clean, dry and free from grease and dust. Apply polish with a brush or cloth-often called a 'rubber'. Apply up to five coats, allowing to dry thoroughly between applications. After the first coat, the surface of the wood may appear roughened - lightly rub down with the finest wire wool or flour paper. The final coat can be applied using a mixture of 50/50 Methylated Spirit and Button Polish. Clean all brushes etc with Methylated Spirit.

HEALTH, SAFETY & ENVIRONMENTAL INFORMATION

Contains: Methanol. Highly flammable liquid and vapour. Causes serious eye irritation. May cause damage to organs. If medical advice is needed, have product container or label at hand.
