Natural Clear Beeswax

BLEND/PASTE

Cleans & Polishes all Wood Surfaces

250 ml e

Natural Clear Beeswax is formulated from traditional ingredients, to clean and deposit a layer of natural beeswax to the surface. Apply to a small area at a time, using a lint-free cloth, then buff after several minutes with another clean lint-free cloth to give a lustrous shine. Ideal for finishing sealed or previously polished wood and can also be used on bare wood for decorative purposes. However, if water and scratch resistance is desired use Barrettine Hard Wax Oil for a very resilient finish.

Food/Toy safe when dry,
certified by EN 1186:2002 & EN71:3

Before use, test a small inconspicuous area with all products to be used, to ensure a satisfactory final finish and compatibility.
