KNOCK OUT! RAPID RESCUE®

SHAKE WELL BEFORE USE

*The green way to clean utilising
safe pro-biotic microbes for fast acting
stain and odour control.*

5 015861 001788

Rapid Rescue is intentionally fragrance free to reinstate "fresh air" and does not temporarily mask unwanted odours with fragrance unlike many products.

For all organic stains: E.g. Urine, Faeces, Food Spillages, Blood, Vomit, Wine, Milk.

Instructions: Shake well before use. Turn the Rapid Rescue spray nozzle to "ON".

Important: Test product in discreet area prior to use to test for colour change.

Remove as much of the spillage as possible prior to product application to remove the excess contamination gently blotting with a clean cloth but taking care not to spread the stain. Then apply the product generously by spraying on and around the problem area and leave for as long as possible. Some stains and odours will be removed immediately however others will take longer and best to leave the wet product in contact overnight to fully digest any stain and odour. For heavily soiled and stubborn stains multiple applications may be necessary.

Not classified according to regulation (EC) No. 1272/2008 (CLP).

Keep out of reach of children. Contains 1,2-benzisothiazol-3(2H)-one;
1,2-benzisothiazolin-3-one(2634-33-5). May produce an allergic reaction.

Contains less than 5% non-ionic surfactants, Benzisothiazalinone,
Chloromethylisothiazolinone/Methylisothiazolinone.
