# ArmourFlex®

• Hard-wearing • Flexible • Protection

Manufactured in the UK

Armourflex® Ultimate UV Protection Oil is an award-winning, premium blend of natural oils, waxes, and resins, incorporating the latest UV stabilising technology to protect against weathering and UV damage that causes wood to swell, twist, and grey.

Armourflex® UV Protection Oil contains a careful balance of UV absorbers and antioxidants, designed to capture the damaging UV rays from the sun and dissipate them safely away as heat.

The transparent/clear oil and wax formula imparts excellent water repellence to both softwood and hardwood, giving a microporous finish that is resistant to flaking, peeling, cracking and blistering. Ideal for all exterior wood types including doors, windows, and structural timbers.

## PROTECTED TIMBER

NEW	6 Months	12 Months	18 Months	24 Months

## UNPROTECTED TIMBER

NEW	6 Months	12 Months	18 Months	24 Months

**FOR BEST RESULTS USE BARRETTINE'S WOOD CARE PRODUCTS PRIOR TO APPLYING ARMOURFLEX ULTIMATE UV PROTECTION OIL**

## MOULD & MILDEW

A ready to use surface fungicidal wash containing biocides for the control of organic growths and spores, with a cleaning action to remove light dirt.

## WOOD REVIVER

Wood Reviver is a water based formulation containing a biodegradable organic acid. It will turn back the clock, restoring grey, UV-damaged wood to its original warm tones.

## CUT END PRESERVER

Specially formulated for the treatment of vulnerably exposed end grain. Protects against fungal decay such as wet rot, wood discolouring fungus and wood boring insect attack.

## UNIVERSAL PRESERVER PRIMER

Specially formulated to protect against wet rot, wood discolouring fungi & wood-boring insects. It is used as a primer for further overcoating with Barretline UV Protection Oil.
